

1. LANDSCAPING BENEFITS

There are so many benefits to landscaping including encouraging family time outdoors and reaping the health benefits that come with being outside. Landscaping is an investment in your home that will increase its value for many years to come.

2. WHAT WILL IT COST?

Do-It-Yourself landscaping is a great option to keep costs down, however more complex projects would benefit from hiring a professional installer. We can give you a quote for materials and, if desired, a quote for installation by Hebron Brick or one of our certified installers to help you make a decision that's best for your budget!

3. WHAT ARE MY GOALS?

Maybe you could use more privacy on your patio or are in desperate need of shade. By defining your goals for the project and having a site plan you can prioritize what needs to get done and the order you'd like to start tackling things.

4. CAN I DO IT IN PHASES?

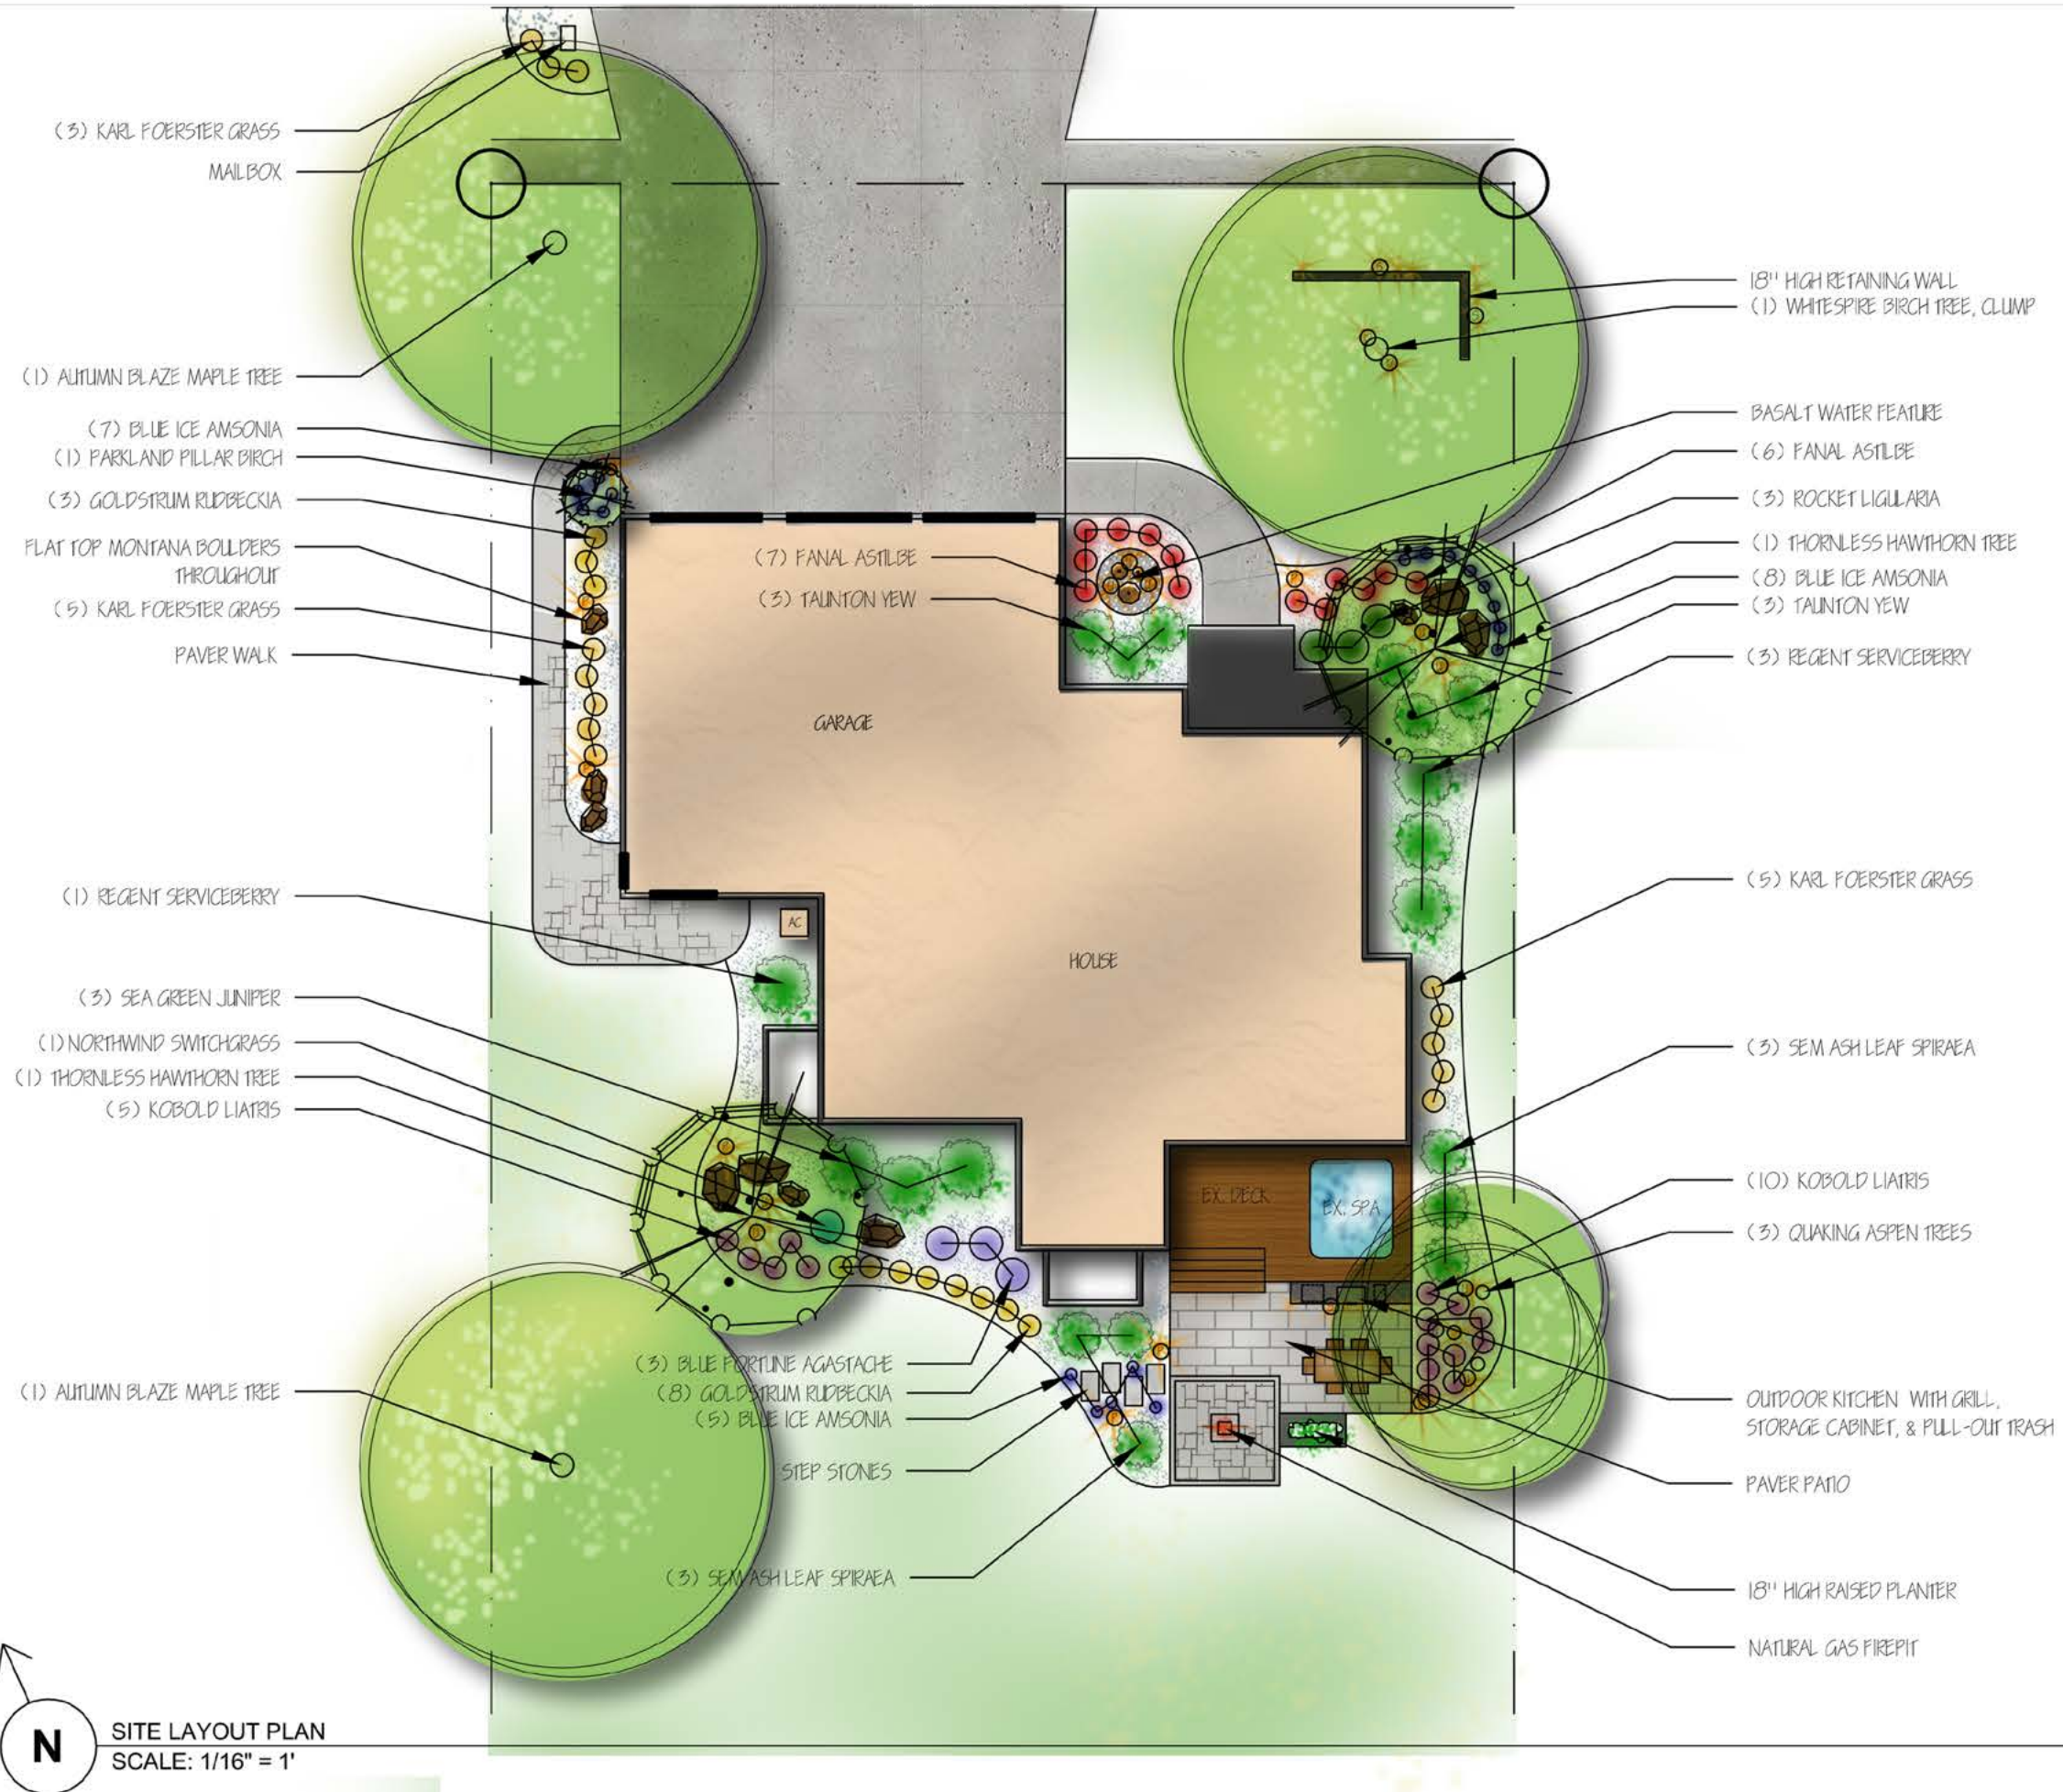

Doing a project in phases is a great cost saving option. Once you have a plan, we can help you determine the most efficient way to complete your project.

5. WE HAVE A NEW HOME AND LANDSCAPE, CAN WE 'PERSONALIZE' IT AND IMPROVE ITS FUNCTIONALITY?

Many times landscapes are installed without much planning or thought as to how the spaces are used. A designer can help identify your goals for your project and make it feel like 'home'.

6. LET'S GET STARTED!

Follow the steps on the back of this project planner and start collecting measurements, information, and photos. The more accurate the information the better we can assist you with the design.

THREE EASY STEPS TO A BEAUTIFUL HOME LANDSCAPE.

STEP ONE:

Draw your house and lot on the grid according to the scale **1"= 8'** or **one small square equals one foot.**

Indicate **North** on your drawing.

Locate on your drawing:

- Entrances
- Walls
- Fences
- Septic & Well Locations
- Play Areas
- Out-Buildings
- Driveways
- Sidewalks
- Window Heights from the Ground
- Patios & Decks
- Trees & Shrubs
- Flower Beds
- Air Conditioning Units
- Utility Lines
- Utility Boxes
- Utilities at House
- Well

Take and print photos of all areas that are to be landscaped.

Please do all drawing in erasable pencil.

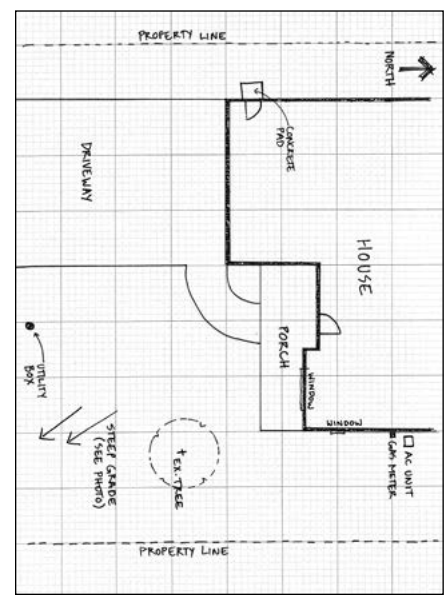

STEP TWO:

Make an appointment with a designer to drop off your drawing. Bring your drawing, photos and ideas to your appointment. 701.232.0781

STEP THREE:

When your plan is completed, your designer will make an appointment with you to review your design and answer any questions you might have.
